

EARTH AUGER DRIVES

For Making Holes

Suitable for making holes in plantations, utility poles, fencing and construction applications.

Ideal for Skid Steers, Backhoe Loaders, Excavators, Telehandlers, Multipurpose Vehicles....

Drive units for drilling holes in hard soil (Provided that auger allows this work) are the best in the market.

DRIVE UNIT SPECIFICATIONS

	Unit	VDU-01	VDU-02	VDU-03
Recommended weight of the M/Cs.	Tons	7 - 10	12 - 18	20 - 24
Unit Weight	Kg	350	750	1050
Oil Pressure (Max)	Bar	210	280	320
Auger Diameter Range [ϕD]	mm	250 - 750	300 - 900	300 - 900
Drill Depth [Max] W/o Extension. [L]	mtr	2	2	2
A	mm	850	1300	1550
B	mm	380	500	650
C	mm	100	115	130
ϕd	mm	50	65	80
$\square E$	mm	75	90	105
